

OLDHAM PROVES HE'S RIGHT STUFF

Defeated Candidate For Lieutenant Governor Wires Congratulations To Shanks

Col. Ronald C. Oldham proves himself the right sort of democrat by the manly and straight forward way in which he congratulates his successful opponent for the lieutenant governorship nomination, W. H. Shanks. Any man can win a race or a

fight and come up smiling but it takes a good, game fellow to lose and come back, right side up, and Col. Oldham has proven that he is the right sort of stuff by the spirit he has shown at this time. He assures Shanks of his enthusiastic support and that no one will do more to help elect him than he will.

Col. Oldham made a remarkable race for the office he sought and with his wonderful advertising campaign would have won over any other man a person can name. He happened to find opposition in one of the most popular and highest class democrats and citizens that old Kentucky has ever produced, and defeat by such a man is no discredit. Col. Oldham's telegram of congratulation to Mr. Shanks will be read with interest by friends of both. Col. Oldham, with his wife, is enjoying a vacation at Saratoga Springs. He wired Shanks from there as follows:

"Official count received by me today shows that you have defeated me for the Democratic nomination for Lieutenant Governor. Accept my sincere congratulations and be assured my whole-hearted and enthusiastic support. I heartily commend you to the Democracy of Kentucky, especially to those who supported me and it is my sincere hope that you will receive in November every vote that was cast for me in the August primary. No man in Kentucky will do more to assure your election than I will."

SEWELL BUYS MRS. HOBSON'S HOUSE

Real Estate Agent L. P. Evans on Tuesday sold for Mrs. V. H. Hobson her brick residence on Woodland avenue to Mr. J. S. Sewell. The price was \$5,000. This home is one of the best known in the city. It is called the old Bronston place, and has been occupied by Mr. and Mrs. Robert White and Mrs. Will Moynahan. Mr. Sewell gets possession January 1, 1920. The lot is a spacious one, being 135x165 feet. It is understood that Mr. Sewell will remodel the house and make it up-to-date in every way.

Frank Boyd, of Owensboro, has been appointed revenue agent for the state at large, succeeding W. D. Chandler.

Catarrh Is a Real Enemy and Requires Vigorous Treatment

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in un-stopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again. Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

PURSUIT CONTINUES

(By Associated Press)
Marfa, Texas, August 20.—Somewhere in Mexico, opposite Candelaria, Texase, American soldiers today continued the pursuit begun yesterday of the bandits who captured and held for ransom the American aviators, Peterson and Davis, and later released them on payment of \$8500 in gold to bandit leaders. Mexican troops from the Ojinaga garrison are co-operating with American troops, according to a message received today. Hipolite Villa, a brother of Francisco Villa, is believed to be hiding in the mountains near where the American columns are working. Hipolite is said to have a small body-guard and to be seriously ill.

Marfa, Texas, August 20.—An American airplane returned from a scouting trip into Mexico, with two bullet holes thro a wing of the machine. The aviator observer said he was fired on by three Mexicans. He returned the fire with a machine gun and believes he killed one.

DAYLIGHT SAVINGS LAW IS REPEALED

(By Associated Press)
Washington, August 20.—Repeal of the Daylight Savings act was accomplished today, the Senate voting to sustain the House in passing the repeal measures over the President's veto. It becomes effective after the clocks are turned back to normal in October and will go down in legislative history as one of the very few measures twice vetoed by the President and after all became a law.

PALMER OPPOSES DRASTIC ACTION

(By Associated Press)
Washington, Aug. 20.—Proposed amendments to the food control act, authorizing the President to fix wholesale and retail prices of certain commodities were strongly opposed today by Attorney General Palmer appearing before the house agriculture committee to urge speedy enactment of additional laws to help reduce the cost of living. Palmer said such executive power was too drastic but armed with an anti-profiteering law applicable to wearing apparel, fuel and fertilizer, with heavy penalties, Palmer told the committee the department of justice could obtain specific indictments in various cities which "would make unnecessary a fight against high prices."

MEXICAN PAPER UP IN THE AIR

Mexico City, August 20.—The Mexican government has announced that American troops crossed the border in a bulletin issued last night, but has given no indication of its attitude. The newspaper El Universal demands an opportunity to be heard "before being outraged." It calls on Mexicans to contribute to the defense of their country and announces that the English printed section of the paper will be discontinued until the Americans leave Mexico.

PERSHING SAYS LET BOYS' BODIES STAY IN FRANCE

(By Associated Press)
Washington, August 20.—Gen Pershing has cabled the war department that the bodies of American soldiers who died abroad should be left near where they fell. He says he believes if "these soldiers could speak for themselves they would wish to be left undisturbed where they fought the last fight."

VIOLENCE APPEARS IN STREET CAR STRIKE

Louisville Street Cars Are Not Running and Fight Promises To Become Bitter.

(By Associated Press)
Louisville, Ky., Aug. 20.—Practically no street cars are running here today as a result of the strike of street railway employees for recognition of the union. One guard was assaulted by a crowd and seriously hurt. Today police reports show increased acts of violence, including cutting of trolley wires and poles, spiking switches. A negro fired at one car.

At another point a crowd bombarded a motorman and police escort with overripe tomatoes.

Sixty thousand men and women walked, "taxied" or "trucked" to their places of employment in Louisville after they found the street car system to be paralyzed.

Union leaders conducting the strike express themselves as pleased with the strike.

Indications are the men are determined to insist on a new contract, recognizing the principle of the "closed shop."

This is the only cause of dispute between the men and their employees it was asserted. Conference have agreed on the question of wages and working conditions.

The General Council adopted unanimously a resolution calling on the Mayor and members of the Board of Public Safety to renew negotiations aiming at a settlement of the strike. An ordinance was passed by the lower board to prevent police acting as guards on cars, operated by the company, but the measure was defeated by the upper board.

A feature of the strike is the interest the women are showing. They aided pickets throughout the day, and pleaded with non-union men leaving the barns to take out their cars. At 28th street and Broadway, a woman attacked a motorman with an umbrella when he refused to heed her entreaties. At 27th and Chestnut streets two young girls sent a car back to the barn after having hurled bricks through the windows.

Louisville street car strikers attacked two Courier-Journal reporters on the ground that the C-J is unfair to the strike. The reporters had warrants issued for a policeman who is charged with having clubbed them.

Third Degree Work of K. P.'s

An interesting meeting of Normal City lodge, Knights of Pythias is to be held Thursday evening and a full attendance of the membership is requested. There are two candidates for the third degree, Messrs. H. B. Sallee and Shirley Whittaker, as well as several other candidates. The session will begin promptly at 7:30 o'clock.

Here, There, Everywhere

The railroad firemen to the number of 117,000 are asking a raise in wages. Thirteen hundred street car employees of Louisville went on a strike last night.

Hoarded foods are to be put upon the markets at once and prices are expected to come down as a consequence.

Louisville claims a population of 279,000, an increase of 25 per cent in nine years.

The Red Cross is to have a \$15,000,000 drive this fall to enroll members for 1920 campaign.

The noted J. M. Atherton distillery at Athertonville has been torn down and sold by piece meal.

The London News says the trial of the Kaiser will be held at a castle in Middlesex to begin April.

Airplane patrols discovered 91 fires in Western States, the work of incendiaries in most instances.

GIRLS WANTED—The Cumberland Telephone and Telegraph Company is in need of a few more operators in order to put into effect an eight hour day and a six day week. Operators are paid \$6.50 a week while learning and increases are given at regular intervals. Call Chief Operator or Manager. 215 tf

SEPARATE MOTION FOR RESERVATIONS

(By Associated Press)
Washington, Aug. 20.—Four reservations on the League of Nations covenant are embodied in a separate resolution prepared today by Senator Pittman, Nevada, democratic member of the foreign relations committee for introduction in the Senate. Senate Pittman said the resolution is in line with the president's suggestion yesterday that if reservations are made, they should not be embodied in the resolution of ratification which might make new negotiations necessary. The reservations proposed deal with the right of withdrawal from the league, article 10, domestic questions and the monroe doctrine.

WAGERS TO BUILD HANDSOME HOME

Jonah Wagers has awarded a contract to T. S. Todd & Sons, local contractors for the erection of a handsome brick residence on his lots in Rose Dale addition on the Lexington pike. Mr. Wagers lots front on the pike, and are among the most desirable that were sold at the lot sale some weeks ago. It is understood that Mr. Wagers contemplates building a home that will cost in the neighborhood of \$25,000. It will have every modern convenience and be made most attractive. Construction work is expected to start at once.

\$100 SALARY FOR TEACHERS

Is Recommended As Minimum Pay By Dr. McDougle

Ways and means for obtaining higher salaries for Kentucky teachers were discussed at the opening session of the Jefferson County Teachers' Institute at Louisville.

Dr. E. C. McDougle, dean of Eastern Kentucky State Normal, Richmond, Ky., spoke on 'Better Salaries for Better Service', pointing out that with higher pay would come greater teaching efficiency. He said teachers are forming county federations for the purpose of getting legislation through authorizing increases in school fund levies to enable payment of higher salaries.

"We will not strike, nor do we intend to threaten the public," said Prof. McDougle. "Our intention is to mould public sentiment in our favor, and to give the public a square deal and we expect the same."

Prof. McDougle recommended \$100 a month as the minimum wage for teachers. He said he was glad to learn that teachers of Jefferson county were organizing to get higher pay.

CANVASSING STRIKE VOTE

Youngstown, O., Aug. 20.—The American federation of labor national committee on organization of the iron and steel industries met here today to begin canvassing the strike vote taken among 24 unions which have members in the steel industry and to decide whether these unions will be asked to present demands and back them up with a strike.

WOMEN EVERYWHERE

Praise Lydia E. Pinkham's Vegetable Compound as the Greatest Remedy for Woman's Ills.

New Haven, Conn.—"For two years I suffered with a female weakness, pains in my back and painful periods, and I was so weak and tired that I was not able to do my work. A friend told me to use Lydia E. Pinkham's Vegetable Compound and it gave me great relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and if your Vegetable Compound does others as much good as it has me I will be very much pleased."
—Mrs. CHARLES E. MORGAN, 37 Sea Street, New Haven, Conn.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.

THE WEATHER

Fair and warmer tonight; Thursday local showers and thunderstorms.

IMPORTANT NOTICE

There will be a meeting of the Madison County Chapter American Red Cross at the Masonic Temple Saturday afternoon, August 30th at 3 o'clock, for the purpose of electing a Chairman and Vice-Chairman as the present officers, Mr. Harvey Chenault and Miss Lucia Burnam, have resigned, their resignations to take effect September 1st. The elections of these officers is absolutely necessary to hold the Chapter together and to retain possession of the Chapter-funds which will otherwise probably revert to the National Organization. It is earnestly hoped that there will be a large representation of men as well as women.
Harvey Chenault, Chairman.
Lucia Burnam, Vice Chairman

A TRIBUTE TO JOHNNIE M'BRIDE

Richmond, Aug. 20.

Mr. Editor:—

I notice in a recent edition of the Daily Register the passing of John, or as he was familiarly called "Johnnie" McBride, who was the last of Erin's native sons in our county. This man is worthy of more than a passing note because he was the last of a type so familiar in central Kentucky in the past. Such names Horine, Roach, Powers, Curren, Moynahan, Buckley and many others are familiar to our ears. Johnnie McBride represented the last of a group who came to our state during the century and were so instrumental in building the turnpikes which have made Kentucky famous. They built the roads and their wives collected the toll.

Johnnie McBride had all the racy humor for which his race is noted, and the man who played at wits with him stood a poor show to come out ahead. He once threatened to leave his church, and "jine" the Pond church, saying "It is much nearer and a dom sight cheaper." Many are the amusing stories told of him and they will be remembered as long as those who knew him live.

Another characteristic of this race was their Americanism. While they never, even to the third generation, have lost their love for Ireland they are Americans to the core. They are generally Democrats, but so strong are their personal likes and dislikes that the writer has known nearly all of the Old Timers to vote for a Republican.

They cannot be said to be a frugal race—although McBride was an exception—because their love of pleasure overshadowed their love of accumulation. They were essentially convivial and social, and were against prohibition, because from the days of Tom Moore, they enjoyed both songs and toddies. They, as a race loved music, and since the earliest settlements of Kentucky the "Irish Fiddler" has been proverbial. Of all the races which have become a part of our civilization none has been more useful, more patriotic, or have been assimilated so easily.

Johnnie McBride had all the characteristic of his race. He died in full communion in the Church of his fathers. Requiescat in pace.

COATES TELLS WORTH OF TEACHER'S WORK

Address By Normal President Features Tuesday Afternoon Session of Institute.

An address by President T. J. Coates, of Eastern Normal, was the feature of the afternoon session of the Madison county teachers' institute Tuesday. Dr. Coates followed the musical program led by Dr. Myers which was greatly enjoyed as usual. Dr. Coates gave the worth of the work of the teachers under the following heads:

We mould ourselves and our work at the same time.

Our minds grow just as we engage ourselves with larger and larger problems.

Human action is controlled by motive; to control action we must furnish a motive.

We should have better schools and to better these schools we must know definitely the difficulties.

Schools must have a definite standard, for without a standard you cannot measure a school.

Institutes are held to better the schools.

Immediately after Dr. Coates, Prof. H. H. Brock gave a short and to the point talk on the rural schools and what they should do for the girls and boys of today.

Prof. Eugene Spurlock, of the Kirksville High School, gave a short talk on grammar, which was followed by Prof. Eubank on language and composition. Adjournment was then taken to Wednesday.

The teachers, as enthusiastic in their work as at the initial session began their work Wednesday morning with devotional exercises conducted by Dr. Myers, immediately followed by a musical number. After this Instructor Prof. Eubank, took charge of disposing of the program in such an interesting manner that the time passed rapidly. Ten o'clock came so quickly that only a few moments were given for a recess period, after which Dr. Myers gave a description of the battle of Gettysburg as witnessed by himself. This was indeed a treat wholly unexpected and was indelibly impressed upon the minds of all present.

Mr. Eubank finished the morning's work by having the roll called, finding the larger part of the teachers present.

Drug clerks in Louisville will ask for a six day week.

A malleable iron foundry to cost \$5000,000 and which will give employment to 500 men will be built in Louisville by the Illinois Malleable Iron Company, of Chicago.

234 ACRES FINE LAND 234

Just the Right Size for a
Real Farmer

ON

Thursday, August 28, '19

At 10 O'clock A. M., on the Premises

I will offer for sale the fine farm of Mr. Elbert Wagers, known as the Joe Jones farm, situated on the Moran's Mill turnpike, and in one of the best land belts of Madison county.

Just Think of the Opportunity

All of this land is in grass except about 60 acres which is in corn and tobacco.

Located on the place is a good 8-room dwelling, stock barn, smokehouse, hen house, coal house, six acre combination stock and tobacco barn with concrete silo of 195 tons capacity. There is also a garage on the premises, also an orchard. Everything that is needed to make a comfortable home. There are also two tenant houses on the farm.

The place is well watered by ponds and springs besides having a frontage in Silver Creek, that famous creek upon which more fine tobacco is raised than any other creek in the world.

This is the time to buy a farm. Don't put it off, because farms are going to continue to rise in value—not fall. The longer you wait the more the farm you have been wishing for will cost you.

Come to this sale. You may get a bargain. It is going to change hands on August 28th, 1919, between the hours of ten and eleven o'clock, rain or shine, and if you want it, be there.

Don't Be Late---You May Miss It

Possession will be given January 1st, 1920, and terms will be liberal and will be made known on day of sale.

Do your Jams and Jellies ever "Candy"?

Many women have been so discouraged by this trouble that they have almost stopped putting up fruit.

Yet, there is an easy, simple way to avoid it. Use $\frac{1}{2}$ Karo (Red Label) and $\frac{1}{2}$ sugar in your preserving syrup, instead of sugar alone.

Karo is a fine, clear syrup, with a natural affinity for the juices of the fruit.

It blends the sugar with the fruit juice—brings out all the "fruity" flavor.

You, too, will obtain perfect results this summer if you will use $\frac{1}{2}$ Karo (Red Label) and $\frac{1}{2}$ sugar instead of all sugar for preserving.

You will find your jelly clear and firm—your preserves rich with heavy syrup—your jams deliciously mellow and "fruity". Not a sign of "candyng".

For Cooking, Baking and Candy-Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

PEPTONA WILL HELP YOU

IT PUTS THE "PEP" into run down systems. It contains organic Iron, Malt, Maganese and Cod Liver Oil Extract, medicinal agents extensively used as a tonic and strength builder. Valuable for enriching the blood, for aiding the assimilation of food, and for building the health generally.

If you have trouble recovering normal health after grippé, cold, bronchitis, or influenza, if your blood is not up to standard or your food assimilation is faulty, if you are tired or run down, then you need Peptona to help you. It is our best tonic; it is pleasant to take and easily tolerated by even the most sensitive stomach. We will refund your money if it does not do you good.

**Now All You Good Fellows,
Come Fill Up Your Pipes**

15c

The Velvet tin
is twice as big
as shown here

IF ever men are "Tom" and "Bill" to each other,
it's when good pipes are a-going. If ever good
pipes go their best, 'tis when Velvet's in the
bowl.

For Velvet is a mighty friendly smoke.
Kentucky Burley is the leaf that Nature made
for pipes. Wholesome and hearty, honest as
the day. And Velvet is that same good Burley leaf,
brought to mellow middle age.

For eight long seasons Velvet "meditates" in
wooden hogsheads, throwing off the rawness of
"young" tobacco—truly "ageing in the wood." Out
Velvet comes—cool, calm and generous—the tobacco
Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good
tobacco, not "put on" like "frosting" on a cake. Its
mildness comes from natural ageing, not from having
the life baked out. Its fragrance is true tobacco fra-
grance, not a perfume. And Velvet makes an A
Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—
An' let the old world wag."

The Elizabethtown News says that the Democratic convention should be careful not to endorse what the people of the state generally condemn. In other words, the Stanley administration. If the platform convention wants to endorse a state administration it can easily endorse the administration of Governor Black and let it go at that.

HAYDEN HOUSE

The people here are still greatly shocked over the untimely death of our friend and neighbor, Tom Reed. Although we feel that everything possible was done for him, it seems so hard to give him up so suddenly. There was a large crowd followed him to his last resting place, but it would have been lots of others, if all could have got a train to High Bridge, after they heard his wife had bought a lot at Shawnee Run near Burgin. Mr. Reed was about 31 years of age and esteemed and respected by all who knew him. Our hearts go out in sympathy to the bereaved ones, and oh, those dear little children he leaves behind. He was a good kind loving husband and father, and it is hoped they can look to God and console their selves through his loving kindness.

**RYE
ROSEN VARIETY**

Was selected and improved from an envelope of Russian Rye furnished in 1909 by Mr. Rosen, a student from Russia at the Michigan Agricultural College. This variety immediately began to show its superiority and after proving its ability to double the yields obtainable with any other variety, it was widely distributed through the Farm Crops Department by Agricultural Colleges.

Rosen Rye is a stiff strawed, large headed variety, which when pure, ordinarily has four full rows of grain on over 99 per cent of its heads. It seldom winter kills and is rapidly taking the place of wheat on lighter soils and under adverse climatic conditions.

The acreage planted to Rosen Rye this fall will be enormous. Anticipate your needs and place your order now.

Get pure Michigan grown Rosen Rye. Buy, pure, original Rosen Rye. State Rosen Rye when you buy your seed.

Limited quantity of this rye offered for immediate sale at \$2.25 per bushel in new 2 bushel bags.

Timothy Seed Purity 99 1-2 percent; germination, 95 per cent; the highest quality at \$6.40 per bushel.
